the exclusivity of living in a Lisbon apartment with a pool, with a variety of units available to suit individual preferences. The interior design, the quality of the materials, and the understated luxury of the A'Tower offer a unique, secure, and modern way to experience the city.

Living in Amoreiras

The A'Tower is located in one of Lisbon's most privileged areas: the Amoreiras neighborhood. Here, residents can access the best the city has to offer while enjoying the unique tranquility that defines this noble district.

Neighborhood Life with an Urban Spirit

Exclusive apartments in Amoreiras offer a unique living experience: their trendy, urban, and sophisticated profile rises atop Lisbon's skyline, conferring a distinctive status to those who reside there.

The proximity to Monsanto National Park to the west and Eduardo VII Park to the east allows for a connection with nature without losing sight of the urban lines that define Lisbon: the grid of Baixa, the light reflected on the Tagus River, and the unique sensation of being at the city's peak.

A Neighborhood That's Pleasant to Be In and Easy to Reach

Renowned international schools, such as the Lycée Français, along with carefully preserved shops on the neighborhood's bustling streets, are complemented by the luxury offerings just meters away on Rua Castilho and Avenida da Liberdade.

The most cosmopolitan shopping center in Lisbon—the Amoreiras Shopping Center—is just across the street and defines what it means to live at the top of the hill: access to the best brands, a wide variety of restaurants, and the natural elegance of those who know how to enjoy life to the fullest.

The A'Tower as a Statement

The A'Tower is a bold statement—a tower with modern, dynamic lines that accentuate its urban character. Vibrant and desirable, with an inspiring personality, it was designed by the architecture firm Saraiva + Associados in a creative process where centrality and modernity prevail.

With a striking visual impact, the expansive balconies offer panoramic city views. The interiors, innovative in their materials and discreet in their simplicity, adapt to the personality of those who choose this space to live.
